

## **All Creation Sing**

by Brian Russell

Chorus

All Creation Sing - Ba da da da, Ba da da da  
All Creation Sing - Ba da da da, Ba da da da  
All Creation Sing - Ba da da da, Ba da da da  
All Creation Sing - Ba da da da, Ba da da da

I think I might go hug a tree,  
I think I might praise the one who gave it to me.  
I think I might get down on my knees,  
I think I might raise my hands and breathe in deep.  
I want to be in harmony with you and me and everything, to you our king –

Chorus

I think I might let it rain on my face,  
I think I might soak in God's Grace.  
I think I might have a picnic and invite the ants,  
I think I might listen to the crickets, and I just might dance!  
I want to be in harmony with you and me and everything, to you our king –

Chorus

I think I might climb a mountain today,  
I think I might take my strife, and let God take it away.  
I think I might reach out and touch the breeze,  
I think I might just rest here in God's peace.  
I want to be in harmony with you and me and everything, to you our king –

Chorus

Lord I want to spend my days  
Making this a better place  
Lord I want to pass it on,  
You're my life, my world, my song

Chorus

All Creation Sing - All Creation sing!
